December 2015

Time to Renew Your Membership!

First of all we wish to thank everyone for their continued support of the club. As has been said previously "We cannot do this without your support"

EAARS dues are on a calendar year basis IE January – December. Dues continue to be just \$24.00 per year.

We desire to collect dues in a timely manner. Therefore each year we have a campaign that if dues for the following year are received by December 15th, you will be entered into a drawing for a gift certificate to AES or HRO. The drawing will be held at our January EAARS election meeting. You do not have to be present to win. Everyone paying their 2016 dues by December 15th will be entered into this drawing. YES this is an incentive to pay your dues in a timely manner. This helps us administratively. Thank you all for your understanding, and GOOD LUCK!

There are several ways that you can pay your EAARS membership dues:

1. Write a check and mail it in. Use address listed at the top of the newsletter. Pay to EAARS. or spell it out: Eastern Arizona Amateur Radio Society. Be sure to put your callsign on your check, or a note along with check.
2. Bring cash or check to our next meeting on November 17th.
3. Pay via PAY PAL. There is a \$2.00 fee to cover the transaction costs. IE \$26.00 will be charged. Click on the link below, which will take

you to the pay pal page, and be sure to enter your call sign and name, located in lower left hand corner of page. Then just click on Buy Now. very convenient for you and us.

www.eaars.com/pay.htm

Again we wish to thank all of you for your continued support of the EAARS club.

73 for now. de Larry N5BG eaars secy/treas

DEMING AMATEUR RADIO CLUB W5DAR

In the years past, the Deming Amateur Radio Club hosted a small “tailgate” event. We are continually asked when we are going to do it again. Well, the Club officers have attended many of the smaller ham-fests, like Socorro, Alamogordo and even the bean feed in Las Cruces. The size of these events has dwindled. One comment runs through the participants of the event, and that is they are there for the company, and seeing old friends. But they never have enough seats or accommodations to just set and visit.

Well, we think we have a winning idea here. We would like to announce our first ever HAM BANQUET for all amateurs in our little corner of the world.

Deming Amateur Radio Club Winter Banquet
December 12, 2015, beginning at 11:00 A.M.
Ranchers Grill Steak House: <http://ranchersgrill.com>
316 E. Cedar St., Deming NM

As this is an initial attempt at this, we would much appreciate an RSVP by December 01, 2015 so we can estimate the size of room needed. Now don't worry if you don't RSVP, you're still welcome to show up.

RSVP to:
w5cf@ymail.com

We look forward to seeing all of our friends and neighbors for this event.

Winter Field Day

So far the interest in this has been very disappointing. Is there, truly, so little interest in operating events like this as a club?

You may not know that in addition to the familiar ARRL Field Day every summer, there is also a Winter Field Day the last full weekend of January. www.winterfieldday.com/index.html

VP Dan, AF7EF, would like to find out if the membership of EAARS would be interested in participating in this event. If interested please contact Dan via email: AF7EF@yahoo.com

This sounds like a great time and you can't complain about the heat! Come on folks, lets make this happen! Lets get OUT and play radio!
